

6/16/2020

Dear Hill n Dale Member:

The club asks for your help to keep the club safe for everyone. The following guidelines are in place to help minimize contact and congregating during your visit to the club.

Shooting

Shooting is available on a reservation basis for sporting clays, 5 stand, Fitasc practice parcour, & skeet/trap. Reservations can be made up to 1 day in advance. Please call the lodge 330-723-5105 to arrange for a time, tokens, shells, etc. (Gun Rentals are not available.) The lodge is staffed during shooting hours (Tuesday -Saturday 9am-5pm and Sunday 10am-5pm). Afterhours shooting is not available right now.

The club buildings, including the lodge and front clubhouse, **are open** but limited to 10 or fewer people. Club Staff members must wear a face covering when buildings are occupied by others.

Food Service is available. Chef Jen has new menu (attached) and has trained staff to follow all health department standards.

Squad sizes **are limited to 5**.

Rental carts are available. 2 people/cart.

The lodge staff member will set up a clipboard, disinfectant, and any other requested items for you on the **pickup table** on the front porch of the Lodge.

All groups are asked to start on Station #1 of the course they made a reservation to shoot. Please use the provided disinfectant to sanitize any contacted surfaces.

While shooting, please keep 6 foot spacing between your squadmates. Target cards should be handled by only one person and please limit the handling of the controller to 1-2 people.

Please do not share guns, shells, or other equipment.

When you are done shooting, please place your clipboard, disinfectant, and towel on the **return table** on the porch of the lodge. Carts should be returned to designated return area so they can be washed before the next use.

Skeet/Trap – If you are shooting, please respect your reserved timeslot and allow waiting shooters to start shooting when your time is complete.

Fishing -The procedures for check -in / check -out at the front barn remain unchanged. Please wipe down any surfaces you touch at the check in counter and on any boats.

Please continue to follow these guidelines:

- **If you are sick or have been near someone who is sick, PLEASE STAY HOME.**
- **Wash your hands frequently and thoroughly.**
- **Cover your mouth when you sneeze or cough.**
- **Always maintain 6 foot or more spacing between each other**

We are frequently cleaning all high use surfaces (controllers, carts, target cards, boats, etc.). Please help us keep these areas clean. We will have cleaning materials available in appropriate spots.

All staff members check their temperature before and after work and are instructed to stay home if there is any indication of a fever.
